Cell Phone Policy *

Most electronic devices are not allowed during youth group meetings and events. The reason for this is to create an environment that is free of distractions where the youth can focus on each other and God. Cell phones are a difficult matter and we understand a parent's desire to be able to communicate with their child. For the majority of our events we prefer students to not have cell phones. Having said this if you as a parent feel that your child should bring a cell phone please understand that the cell phone is not to be used or seen unless it is an emergency. If a student needs access to a phone they should ask one of the youth leaders or event staff. We would also ask that if you need to contact your child first utilize the contact number that will be made available for each event. If a student uses a cell phone for other than emergency reasons or without permission from a youth leader the cell phone will be taken away until the end of the event. Students who fail to comply with these expectations may be sent home at their parents' expense.
